Support the Serve Denton Center and Capital Campaign through North Texas Giving Day

(DENTON, Texas – Sept. 3, 2019) Serve Denton will join 3,045 other non-profits in the North Texas area in [Communities Foundation of Texas](#)' annual [North Texas Giving Day](#) to help fund the new capital campaign.

North Texas Giving Day is Communities Foundation of Texas' annual online giving event that benefits nonprofits in the North Texas area. It is set for September 19 and is the largest community-based day of giving in the nation. The annual event has brought in more than \$242 million into North Texas nonprofits since 2009.

“When a family falls on hard times, finding help can be overwhelming,” Serve Denton CEO Pat Smith said. “Which is why Serve Denton was created. We are the solution to the problem.”

The capital campaign was established to help fund various phases of the expansion project. The expansion project will allow more nonprofits to be located in the new Serve Denton Center making it easier for those in need to receive services. When nonprofit agencies office together, those in need can access a variety of services all in one location instead of taking valuable time out of their day searching all over town looking for help.

“Making it easier for North Texans to give back was a huge reason our annual event was created,” Chief North Texas Giving Day officer Susan Swan Smith said. “We’re thrilled to have Serve Denton join us this year! We hope our event helps provide funding for many essential services that would otherwise be unobtainable.”

Serve Denton will be providing pledge updates and announcements throughout the day September 19 on [servedenton.org](#) and on social media platforms using #ServeDentonCapitalCampaign. Scheduled giving for North Texas Giving Day begins on September 9. To donate to Serve Denton, visit [northtexasgivingday.org/serve-denton](#) and click the donate button.
